

BWF Para Badminton World Championships

Anti-Doping Education for Players / Coaches / Team Managers

Friday 15 July 2022

Dear Members and Para-sport Organisations Recognised by the BWF

As you know, the **HULIC DAIHATSU BWF Para Badminton World Championships 2022** will be hosted in Tokyo, Japan 1 – 6 November 2022.

As per our Memo of 13 July 2022 ([linked here](#)), every player participating in the World Championships must complete an anti-doping education course before they arrive in Tokyo for the Championships. This is a mandatory requirement to compete at the **HULIC DAIHATSU BWF Para Badminton World Championships 2022**.

See below for more on how to get ready. Please pass this information on internally in your organisation.

Read the below and start planning to work with your **National Anti-Doping Organisation** (NADO) and the **BWF** to complete this requirement **before Monday 17 October 2022**.

1. Anti-Doping Information Session – Monday 25 July @ 8:00PM KL Time

BWF is hosting an online information session about how to complete anti-doping education activities before you get to Tokyo.

- **Information session - Monday 25 July @ 20:00 (8:00PM) Kuala Lumpur time**
- Register to attend - <https://forms.office.com/r/T2q4JvZFFv>
- This will help you plan your **anti-doping education sessions** for Para badminton players and support personnel (coaches / team managers) going to the Championships.
- This is similar to the session for the **BWF World Junior Championships** BWF hosted ([linked here](#)) so if you attended that session on 20 June, and you are assisting the Para badminton players prepare for the Para Badminton World Championships, there is no need to attend again. Read the below and then plan for the Para badminton players.

2. Education Options – 3 choices

There are **3 options** for you to consider to get ready and to make sure your players complete anti-doping education (see below).

The education can be **face to face** or **an online course**. If your players have completed an anti-doping course in 2022 we can recognise this if it meets the minimum standards, so they do not need to repeat this again.

3. Coaches and Team Managers – recommended course

BWF strongly recommends that coaches and team managers also complete an online anti-doping e-learning course before the BWF Para Badminton World Championships.

We recommend they complete this through ADEL – the WADA online anti-doping education & learning platform. See below for the courses for coaches / team managers.
