

2 May 2018

Dear Participating Member Associations,

TOTAL BWF Thomas & Uber Cup Finals 2018

Opposing pairs wearing different colours from each other teams

It is very important that we continue our efforts to optimise the presentation of our sport for the TV viewers and to the spectators.

It is brought to our attention that they will be daily television coverage of badminton matches during the TOTAL BWF Thomas & Uber Cup Finals. We are requesting that the opposing pairs must wear different colours from each other to ensure that TV viewers and spectators can easily identify the individual sides on court.

We particularly want to avoid the situation where opposing players from the each country are wearing exactly the same clothing.

Thomas & Uber cup regulations shall be applied and it is mandatory in the finals stage that opposing players wear different colours from each other.

We ask you to advise your manufactures/sponsors to have two or more alternate sets of clothing.

We seek your cooperation to return the attached form to register the predominant colour of your clothing so that we can find out in advance if there are any problems.

Thank you.

Best Regard

Darren Parks
