**COVID-19  
Vaccination  
Registration  
(Updated)**

The Government of Indonesia will require international travelers who have received COVID-19 vaccination overseas to register their COVID-19 vaccination [here](https://vaksinln.dto.kemkes.go.id/sign/in) (<https://vaksinln.dto.kemkes.go.id/sign/in>) The registration will allow you to dine-in or enter public premises and travel with public transport (inter or intra islands) in Indonesia.

You need to make an account and register your vaccination on the link. The verification email will normally be sent out between 3 – 10 business days. Please expect delays as the central server in Jakarta, Indonesia has received large volume of registration requests recently. All international travelers **may still be able to enter Indonesia without the COVID-19 registration**. If you are foreign citizen, you will have to input your passport information to the website. The COVAX (COVID-19 Vaccination Card) record will be verified by respective embassy in Jakarta. Please consult with your respective Embassy for more information.

Upon receipt the verification email, please download **Peduli Lindungi** application on your Apple Store or Google Play. Upon logged-in, go to "Vaccine Certificate" and click "Claim Now". Follow the instructions to claim your vaccination certificate. The certificate will have a unique barcode in it. The barcode is required upon entry public establishments or facilities in Indonesia.

### Electronic Health Alert Certificate (e-HAC)

All international travelers are required to complete e-HAC before travel. Please download **Peduli Lindungi** app in your Apple Store or Android Play to complete the e-HAC. You will get a unique barcode at the end of the process and will have to show it upon check-in and arrival. If you are traveling with family, you are only required to create one account. For example, if a parent is travelling with his/her children, the parent is required to put his/her dependent information under his/her name.

Indonesian Government might change the regulation considering COVID-19 case every week in Indonesia and/or require more data/documents for the e-Visa process, however as of May 2022, above are the updated information one.
